

BAY AREA NIGHT GAME

This sign is part of a treasure hunt being held on **Sunday, February 19**. Please don't remove it!
We'll come take it down after the event.

Monopoly:

The serial numbers on the bills give a message. A is 01, B is 02, ...

Each puzzle in the game has a decorative sash with the number of its hint location. The numbers aren't important for this puzzle — look at the decoration instead.

Want to skip this puzzle? Count the number of *circles* below to get the number of the end location.
